SKILLS

- **Languages**:   JAVA, SQL
- **Tools:**   PowerPoint, Excel, Word
- **Web Technologies:**   HTML, CSS, JavaScript, GitHub
- **Soft Skills:**   Teamwork, Problem Solving, Leadership, Time Management

PROJECT

Blood Bank & Donor Management System
- Developed a web-based application to manage blood donations and streamline communication between donors, recipients, and blood banks.
- Implemented functionalities like user registration, blood stock management, search and request module, and automated notifications using PHP for backend and MySQL for database management.
- Designed a user-friendly interface using HTML, CSS, and JavaScript to ensure seamless navigation.

Personal Portfolio
- Designed and developed a personal portfolio website using HTML and CSS with a responsive layout and clean design.
- Showcased technical skills, projects, and experience through a structured and user-friendly interface.
- Improved proficiency in CSS styling, responsive design principles, and cross-browser compatibility.

CERTIFICATES & ACHIEVEMENTS

- Programming Languages: Java (Certified by HackerRank)
- SQL Basic (Certified by HackerRank)
- Maintained a 200-day coding streak on CodeChef, showcasing consistent problem-solving dedication.
- Participated in college and school-level dance competitions, demonstrating teamwork, creativity, and dedication.
